Dead Past Eighty.

Mrs. Rachael Lucinda Morris, aged eighty-four years, eight months and five days, died last Monday night in the old 5th district. She lost her husband, Jefferson Morris, twenty-four years ago, and is survived by two sons, Charlie and Bedford, and one daughter, Josie, who live in this county, and by other children who live in Texas.

Mrs. Morris was born in South Carolina and came to Tennessee and Henderson county when quite a small girl. She was not a member of any church, but those who know her say that all her mature life she was a good and lovable woman, who was regarded of great value to the community in which she lived.

The remains were interred in the old Jacks Creek cemetery in the same district in which Mrs. Morris had lived for perhaps more than three quarters of a century.

Card of Thanks.

We want to thank the good people of Juno and community for the many manifestations of kindness shown us during the recent illness and death of our beloved husband and father, W. J. Manley.

We desire to make special mention of Dr. Elmer Waller, who with untiring efforts night and day tried so faithfully to aid the sufferer.

May God abundantly bless each of you through life, and when your days have been spent, further reward you.

WIFE AND CHILDREN.

WHY IS LEXINGTON FIRM?

Because Its Citizens Have Learned the Truth.

After reading this generous and encouraging report from Mr. Barry, those who have the misfortune to suffer, as he did, will naturally long to get similar relief. But to get the same good as Mr. Barry had, you should get the same remedy. There are of course, other kidney pills but there are no other kidney pills the same as Doan's. That is why Lexington people demand the genuine.

W. V. Barry, editor of PROGRESS, Jackson, St., Lexington, says: "I have recommended Doan's Kidney Pills before and am glad to do so again. From time to time since I first learned of this fine medicine, I have had occasion to take it for kidney disorders and have always had satisfactory results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Barry had. Foster-Milburn Co., Props., Buffalo, N. Y.

Chancery Court.

The regular April term of the Chancery court will be opened next Monday, but Chancellor J. W. Ross will probably not come until Tuesday morning.

March 28.

Thirty-two years ago last Tuesday (March 28, 1884) THE PROGRESS editor, wife and one child, Charles L., then three months old, reached Lexington from Decaturville and took board at the Kizer Hotel on Purdy Street. To-day there is not in business in Lexington a single man who was in business then, not a lawyer who was then practicing here and but one physician, Dr. R. H. Davidson. In fact, the number of people in Lexington now who were here March 28, 1884, would furnish population for but a village.

Notice.

Road Commissioners will do well to have their overseers notify hands and do the much needed work on the public roads of the county before the people become engaged in their crops. The roads are naturally bad after so wet a winter and we are expected by the public to put them in passable condition as early as possible.

W. F. APPLEBY, County Judge.
